

## Works tables

### Workshop sanitation

Rigid and waterproof tops, hollow panelled doors, particular care given to finishing make all the parts easier to clean.

### Accessibility

Total access for models on legs and on two sides for side panel models.

### Active safety

Accurate finishing: no sheetmetals with sharp edges.

### Reliability

Sturdy structure made entirely of stainless steel AISI 304 Cr.Ni. 18/10.

**Technical features**

Model	External Size
